The MLD Foundation has been organizing and presenting MLD Family Conferences™ for 10 years. Building on the success of the Foundation's first international conference earlier this year in Munich, Germany, we will again bring the world's leading researchers in Enzyme Replacement and Gene Therapies along with experts in practical day-to-day care for those affected with MLD. Families will have plenty of time to talk with each other and the doctors. \*MLD Family Conferences are for the benefit of MLD affected families and those providing their immediate support.

Register early - space is limited. Registration includes all meals and two nights lodging at the Embassy Suites, a 3-diamond hotel. You are encouraged to bring your MLD affected family member. A staffed respite room will be provided.

*The MLD Foundation serves families affected by metachromatic leukodystrophy (MLD), a terminal neuro-metabolic genetic condition affecting people throughout the world. Our slogan, We C.A.R.E.™ reflects our culture of Compassion, Awareness, Research, and Education. For more information about the MLD Foundation and metachromatic leukodystrophy please visit us at [www.MLDfoundation.org](http://www.MLDfoundation.org)*

The MLD Foundation is headquartered in West Linn, Oregon, USA and is a registered (501)(3) non-profit organization. MLD Family Conference and We C.A.R.E. are trademarks of the MLD Foundation.

\* We restrict attendance to create an atmosphere of intimacy for the families and to keep our focus on MLD. The MLD Foundation reserves the right to restrict or deny registration and attendance at MLD Family Conferences to achieve this goal.
